September 22, 2022

Dear SCABSE Supporters,

The South Carolina Alliance of Black School Educators invites you to join us in our mission to ensure a high-quality education for all children, particularly for children of African American descent. In support of our mission, our organization focuses on the following goals:

- To improve the academic achievement of all children.
- To recruit persons to education as a career.
- To share ideas about effective educational programs and techniques.
- To distribute information about career opportunities.
- To influence public policy as it relates to educational issues.

One of our premier events held each year in January to work toward our goals is **The Annual Winter Conference**. Our theme this year is **“Building Bridges, Breaking Barriers”**. Our **2023 SCABSE Conference** will be held **January 13-15, 2023 at North Charleston Convention Center in North Charleston, South Carolina**.

This year we will expand our conference to feature **Two Full Days of Professional Development Sessions** in addition to a full day **Leadership Academy for Aspiring and Advancing Administrators**. Our **Youth Conference** will resume this year as a special point of interest for our students. We invite you to continue your sponsorship or join us as a new sponsor.

- \$5,000 or more – Platinum Sponsor (Event Sponsor)
- \$2,500 or more – Gold Level Sponsor
- \$1,000 or more – Silver Level Sponsor
- \$500 or more - Bronze Level Sponsor

If your organization would like to participate as a sponsor, please complete the sponsorship form via <https://scabse.net/winter-conference/> with the amount of your donation. Thank you for your time and consideration.

Sincerely,

Teresa L. Pope, Ph.D.
Executive Director
